

CTR Tandem

This 2 in 1 product, features of both a fabric softener and a sour which lubricates the fabric, increasing the productivity of flat work operation - which means, less wrinkling, sticking and static & increased ironer speeds. It prevents yellowing and rust spots when iron contaminated water is encountered and will also reduce rejects by removing residual alkalinity. You will experience superior performance on cottons, linens and synthetic fabrics.

Fabric Softener & Sour

Reduces wrinkles in fabric

Neutralises pH

Reduces flat ironing time

Suitable for white & coloured fabrics

Superior performance on cottons, linens & synthetic fabrics

Prevents yellowing & rust spots
